ROANOKE, VA., July 16.-(Special.)-Richmond lost two games to Roanoke today. To make the defeat all the more galling, the Bluebirds were shut out in the second game,

In the first contest the work of both teams was excellent. In the second, Roa-noke played without an error, but the visitors had four chalked up to their credit. The largest crowd of the season was present, and they cheered the good plays made on both sides.

Roanoke tried two new pitchers, and both did well, the work of Moore being little short of phenomenal. He is young man from Knoxville, Tenn., who was recommended by Catcher McClung. late of the Petersburg team, and this was the first professional game he has ever The youngster did not show the slightest signs of nervousness, and fielded his position like a veteran. SECOND GAME.

The second game was certainly one of surprises. Knorr did the twirling for Richmond, and he was so easy the last time he pitched here that the rooters thought he would be banged all over the lot; but they were disappointed. He pitched great ball; but Roanoke managed to make their bits just at the right time. Another surprise was the work of Moore. But two hits were made off his delivery, and one of them was very scratchy. Only eight Richmond players reached first, and not one of them was allowed to light on third. As for getting home, that was an utter impossibility. Moore's support was almost perfect, a passed ball being the only misplay.

Roanoke scored two in the fourth; Stahl reached first on balls; Little singled to right, and went to second on Brad-ley's fumble, Stahl going to third. Both unted on Padden's side drive to left. Their other two runs were made in the eighth. Welch filed out to Foster; Viox also hit a short fly to the Duke's territory, which he dropped, after a hard run. Moore cracked out a safe one to right, which Bradley fumbled. Viox going to third, and Moore to second. They both scored on Sherer's slashing two-bagger

Vexatious Litigation Ended. BRISTOL, TENN., July 16.—(Special.)— The wexatious litigation over the South Atlantic and Ohio railroad and kindred properties, through which Dr. John M. Bailey, of Boston, has sought for five years to get possession of these proper-

ties as receiver, has at last been com-promised by the payment of a sum of money to Dr. Balley and his associates to satisfy their claims. The properties are those which Dr. Balley sought to take possession of by force on two occasions. There is still a suit pending for the sale of these properties under a mortgage of 1.500.00, and they will, no doubt, be ordered sold.

EAST RADFORD.

Kicked by a Horse-Left a Fortune Local Option.

Local Option.

EAST RADFORD, VA., July 16.—(Special.)—A little son of Henry Carper, who lives near Radford, walked up behind a horse yesterday afternoon, and struck it on the leg with a switch. The horse kicked, striking the child near the eye, cutting a severe gash. Had the kick been a little further around it would have been fatal. As it is the child will recover.

Allen Taylor, the S-year-old son of Themas D. Taylor, while swinging Satur-day, was thrown out when high in the air, and had his arm broken near the shoulder.

LEFT A FORTUNE. Julius Rabbe, an old gardener, who has lived with Judge George E. Cassel for several years, bus just received a letter from his wife, who is in Germany, saying that an old aunt had died, leaving them \$80,000. The old gentleman has not decided yet whether he will visit the old country or wait for his wife to return.

country or wait for his wife to return.

LOCAL OPTION.

In the preliminary skirmish to-day in the local-obtion contest the Judge of the Hustings Court ordered the commissioners of election to meet Friday, the 19th, and canvass the vote and make the proper return. The commissioners have failed to make any report, because the judges of election of the East Ward had not signed the poll-books.

A. F. Porterfield, who was tried in the Hustings Court last fall for house-breaking, and who was given two years in the penitendary, appealed to the Supreme Court and that body reversed the lower court and ordered a new trial. The necessed has been admitted to bail until the September term of the court.

A number of men left here yesterday for the Elkhorn coal-fields, where they have been employed to mine coal in place of the strikers.

To-day has been pay-day on the Norrolk and Western railroad, but the amount paid out at this point was very small, compared with former pay-days. The majority of employees have been laid off for two months, and for this reason very little time has been made.

WONDERFUL ESCAPE.

WONDERFUL ESCAPE. A Thrilling Experience with Lightning Near Charlottesville.

CHARLOTTESVILLE, VA., July 16. Special.)—Yesterday evening about clock as Mrs. E. M. Buck and her three little boys were returning to their home from Charlottesville, they were overtaken from Charlottesville, they were overtaken by a storm. When nearly opposite the dairy-farm of Payne & Cary a tremeadous ball of lightning struck the horse attached to their vehicle, prostrating the animal, and apparently killing it outright. The occupants of the vehicle were not in the slightest injured, nor even stunned or shocked. One of the little boys got out and ran over to Mr. Payne's for assistance. While he was gone the lady and the other boys tried to ford the branch near by, which was very much swellen, but the water was too deep and rapid. They managed, however, to cross on an adjacent fence, and went up to Mr. Payne's.

The horse, which turned out to be only

Injunction Granted-Could Not Reach the Picutekers.

SALEM, VA., July 16.—(Special.)—Judge Henry E. Blair, of the Roanoke Circuit court, in vacation, has granted three in junctions restraining the Mercantile Co-operative Bank, of New York, and the Holstein Building Association, of Bristoh Tenn., from enforcing three liens her-upon various grounds, the principal one being usury. These cases will all come up for adjudication next October Circuit Court. Court, in vacation, has granted three in

Court.

At the July term of Roanoke County
Court, now in session, a special grand
Jury was summoned to inquire into the
moonlight picnics and dances held every
week at Washington Heights, between
Roanoke and Salem, which had been the
subject of complaint. The evidence
brought forward was not sufficient, however, to justify any action. The regular
grand jury brought four indictments
against persons for selling liquor without
license.

STATE-BANK MONEY.

Governor Oates, of Alabama, a Great Believer in It.

CONGRESSMEN AT DISADVANTAGE.

They Hammer Away at Departments for Places for Constituents Anxious to Serve the Public, But with Little

WASHINGTON, D. C., July 16 .- (Spe-

cial.)-Governor Oates, of Alabama, who has furnished lots of imformation to the papers since arriving here the other day, is a believer in State-bank currency. In fact, he is just as ardently in favor of the plan as were several of the Virginia and North Carolina congressmen last winter. He condemns strongly the proposition for the free coinage of silver, which is advocated by Senator Daniel, and declares that Alabama next year will be found practically solld for what he terms sound money. Governor Oates has repeatedly made

speeches in Virginia campaigns, and they were good ones. He is pretty well known in the State, and is liked by the peopleeven by those who do not agree with everything he says. His advocacy of State bank currency is not apt to please the administration people, however. It State bank currency is not apt to piease the administration, people, however, It is a well-known fact that President Cleveland has never said anything giving the slightest encouragement to the movement to repeal the 10 per cent, tax on Statebank circulation. The bill relating thereto was defeated in the House, and it was opposed by both Democrats and Republicans on the ground that they regarded State currency as "wild-cat" money. Some of the higher officials of the government, who are close friends of Governor Outes, probably wonder why a man they regard as clear-headed on most everything else should advocate any proprosition fooking to cheap money.

ELLETT AND MEREDITH. ELLETT AND MEREDITH.

Colonel Ellett and Mr. Meredith are the only members of the Virginia delegation in Congress who have been in the city this week. They have made the rounds of the departments in the freest of their districts, but at his season of the year not much can be accomplished outside of routine matters.

Mr. Meredith still has numerous applications from persons who want positions in the departments. He hammers away for all he is worth, regardless of the fact that most every derical place and minor job is embraced under the tions in the departments, away for all he is worth, regardless of the fact that most every clerical place and minor job is embraced under the civil-service regulations. No district except the Fifth Maryland, which also borders on the District of Columbia, works a congressman as hard on this line as the Eighth Virginia; but there are aspiring gentlemen always ready to contend for the nomination. Witout going into particulars and calling names, it is said that from three to a half dozen Democrats in the Eighth District are supposed to be in training for next year as the successor to Mr. Meredith. The present member, it has been generally understood, would not be a candidate for re-election, though of course he would not refuse to run again if forced to carry the banner by the convention.

Dr. G. A. Foote, of Warrenton, N. C.

Dr. G. A. Foote, of Warrenton, N. C., Es-President State Medical Society, former Member of the State Board of Medical Examiners and also of the State Board of Health:

"I had, in January 1993, a violent attack of Grip' which was soon followed by the complications of Ascites, Cardiac trouble, &c., and rapidly developed into severe Nephritis or Bright's. My physicians, Drs. King and Jerman, upon examination of my urine found by volume 55 per cent. Albumen, which test was frequently corroborated by subsequent examinations showing also casts and low specific gravity. My Nephritic trouble gradually grew worse and I declined in weight from 185 to 185 pounds. In this condition with little if any hope of relief from any remedy, I visited the Buffalo Lithia Springs, of Virginia, making free use of the Waters for some cight weeks. Analysis of the urine soon after reaching the Springs, by Dr. E. C. Laird, Resident Physician, confirmed the examinations previously made. Other analysis, however, by Dr. Laird from time to time showed a gradual diminution and finally a total disappearance of both albumen and casts, and the urine in a normal condition. Leaving the Springs I continued the use of the Waters several months at home. At the expiration of some two years there has been no return of any unpleasant symptom and I am now as well as I ever was in my life and a living monument to the virtues of
